

# Mastery Workshops

1. An introduction to Mastery - 4th April
2. Teaching Mastery in the Classroom - 7th July

**Carmel College 13.30 - 16.00**

To master something means to acquire a deep, long-term, secure understanding.

For a pupil learning mathematics achieving mastery is taken to mean acquiring a solid enough understanding of the maths that has been taught to enable them to move on to more advanced material -deep learning.

What is  
Mastery all  
about?

What are the  
key elements  
of a mastery  
lesson?

How do you  
teach all pupils  
with a range of  
ability?
