

Mathematics Guidance

Mixed Aged Planning in Years 2-4

Overview and Long Term Plans

Introduction and Rationale

The project was borne out of the need in North Yorkshire, to organise the maths curriculum into areas which could be taught to mixed age classes. North Yorkshire has many small schools which lend themselves to mixed aged classes e.g. Y2 – Y4 or even whole key stages.

The project wanted to collate areas of similar content, to facilitate class teachers to teach multiple year groups with each year group accessing their curriculum entitlement.

These planning documents have been produced to provide an overview of learning objectives, together with associated exemplification for the three aims of the mathematics national curriculum, to enable mixed age teaching and learning of mathematics.

Long Term Planning and structure of units:

Although you may decide to block topics to teach in one go entirely, within this document are two suggested alternate models for long term planning of mathematics linked to the units. Timings for each unit are suggestions only. The unit can easily be adapted for any combination of mixed age classes within KS2.

There are 7 standalone units linked to the National Curriculum. The Units are:

| | | |
|-------------------------------------|-----|-----------|
| Number and Place Value | NPV | (5 weeks) |
| Addition and Subtraction | NAS | (6 weeks) |
| Multiplication and Division | NMD | (5 weeks) |
| Fractions, Decimals and Percentages | NFD | (5 weeks) |
| Geometry | GEO | (5 weeks) |
| Measures | MEA | (8 weeks) |
| Statistics | STC | (2 weeks) |

The structure of each Unit is broken down in order to link similar objectives across years 2-4. There is unlikely to be an exact match across all year groups so teachers of mixed age classes will have to use their discretion in choosing an order of teaching that will work across all year groups. In addition there is exemplification and reasoning guidance from the NCETM, links to the schemes of work written by the White Rose Maths Hub and links to NRich activities.

Contributors and Acknowledgements

The working party consisted of four teachers all working with mixed age classes and a Local Authority mathematics adviser. The group were;

| | |
|-----------------|--|
| Jo Fitton | Masham CE (VA) Primary School |
| Fiona Motteu | Danby C of E Primary School |
| Gordon Stainsby | Reeth and Gunnerside Primary Schools |
| Jill Wells | Sinnington Primary School |
| Julie Pattison | 0-19 mathematics adviser, North Yorkshire County Council |

We would also like to thank Archimedes Maths Hub for their on-going support of this project and future work, the White Rose Maths Hub for granting us permission to incorporate their primary schemes of work within our project and NRich for allowing us to include links to their activities.

Future work and updates

This is intended to be the final version of these plans; however updates will be made if any errors are found. Feedback is welcome. Please email Julie.pattison@northyorks.gov.uk with any feedback or enquiries.

Long Term planning

Option 1

| | Week 1 | Week 2 | Week 3 | Week 4 | Week 5 | Week 6 | Week 7 | Week 8 | Week 9 | Week 10 | Week 11 | Week 12 |
|--------|--|--------|--------|---------------------------------|--------|-----------------|------------------------------------|-----------------|---------------------------------|--|-------------------|-------------------|
| Autumn | Number and Place Value NPV | | | Addition and Subtraction NAS | | | Multiplication and Division NMD | | Measures MEA | | | |
| Spring | Fractions decimals and Percentage NFD | | | Number and Place Value NPV | | Geometry GEO | | | Addition and Subtraction NAS | | Statistics STC | |
| Summer | Multiplication and Division NMD | | | Measures MEA | | | | Geometry GEO | | Fractions decimals and Percentage NFD | | Statistics STC |

Long Term planning

Option 2

| | Week | Week | Week | Week | Week | Week | Week | Week | Week | Week | Week | Week |
|--------|------------------------------------|------|-----------------|------|------|--|------|-----------------|------|------|----------|-------------------|
| | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | 10 | 11 | 12 |
| Autumn | Number and Place Value NPV | | | | | Addition and Subtraction NAS | | | | | | Statistics STC |
| Spring | Multiplication and Division NMD | | | | | Fractions Decimals and Percentage NFD | | | | | Measures | |
| Summer | Measures MEA | | Geometry GEO | | | | | Measures MEA | | | | Statistics STC |

Long Term planning

Option 3 (3 day (top) and 2 day (bottom) for part time teaching split)

| | Week | Week | Week | Week | Week | Week | Week | Week | Week | Week | Week | Week |
|--------|-----------------------------------|-----------------------------------|------|---|------|--------------------------------------|---|------|------------------------------|------|-----------------------------------|------|
| | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | 10 | 11 | 12 |
| Autumn | NPV – Number and Place Value | | | | | NAS – Addition and Subtraction | | | | | NMD – Multiplication and Division | |
| | MEA – Measuring | | | | | GEO – Position, Direction & movement | | | | | STC - Statistics | |
| Spring | NMD – Multiplication and Division | | | NFD – Fractions, Decimals and Percentages | | | | | GEO – Shape and Angles | | | |
| | STC - Statistics | | | MEA – Time | | | | | NPV – Number and Place Value | | | |
| Summer | GEO – Shape and Angles | NAS – Addition and Subtraction | | | | | MEA – Perimeter, Area & Units | | | | | |
| | NPV – Number and Place Value | NMD – Multiplication and Division | | | | | NFD – Fractions, Decimals and Percentages | | | | | |
